Overview

IBM® Emptoris® Strategic Supply Management on Premise portfolio is a global platform designed to automate and streamline spending, supplier, and contract management processes for global 2000 companies. IBM Emptoris Strategic Supply Management on Premise portfolio consists of applications supporting spend analysis, sourcing of direct and indirect goods, contract lifecycle management, telecom expense management, services procurement, supplier lifecycle management, and program management. It provides companies with powerful capabilities to deliver maximum financial and operational impact -- from managing global growth, enforcing compliance, and mitigating volatility and risk to reducing and controlling costs.

In order to accommodate your business needs, the following trade-up part numbers are available:

- D0S8VLL
- D0S8WLL

For additional information about these part numbers, refer to the Ordering information section.

For more detailed product information about the IBM Emptoris Strategic Supply Management on Premise portfolio, refer to Software Announcement ZP12-0330, dated July 03, 2012.

Planned availability date

- August 7, 2012: Electronic software delivery
- August 7, 2012: Media and documentation

Availability of programs with encryption algorithm in France is subject to French government approval.

Cryptography in this product is limited to password encryption, authentication or digital signature.
Description

IBM Emptoris Strategic Supply Management on Premise portfolio spans the global enterprise and connects disparate systems to provide complete visibility and control over spending, contracts, and supplier intelligence and processes. It empowers companies with powerful enterprise intelligence and program management capabilities to deliver maximum financial and operational impact.

IBM Emptoris Strategic Supply Management on Premise portfolio includes:

- **IBM Emptoris Sourcing V9.5** - Delivers the end-to-end capabilities for managing global sourcing events or requests allowing companies to streamline the complete sourcing lifecycle and bring spending control under management.

- **IBM Emptoris Spend Analysis V9.5** - Provides complete and detailed views of corporate spending enabling companies to consolidate, cleanse, and organize data from multiple sources into a single enterprise view to reduce maverick spending, eliminate savings leakage, and identify new saving opportunities.

- **IBM Emptoris Contract Management V9.5** - Manages the contract lifecycle of both buy and sell side contracts from contract creation and negotiation, the management of obligations, and enforcements of compliance, through contract amendment, renewal, and ongoing analysis enabling companies to reduce procurement spending, improve sales effectiveness, and increase supplier compliance.

- **IBM Emptoris Supplier Lifecycle Management V9.5** - Comprehensive end-to-end solution to deliver greater supplier performance and value across the organization by managing all supplier-related business processes including supplier qualification, supplier classification, supplier evaluation, supplier risk, and supplier development.

- **IBM Emptoris Rivermine Telecom Expense Management V6.5** - Manages the full mobile and network-related communications lifecycle including asset and inventory management, procurement and order management, and mobile lifecycle management.

- **IBM Emptoris Program Management V9.5** - Addresses the need for comprehensive program management across spending, supplier, and procurement initiatives by providing a single solution for gaining real-time program visibility, actively managing a variety of key program tasks, and capabilities to proactively monitor, measure, and track savings and program goals and objectives.

Accessibility by people with disabilities

Product positioning

IBM Emptoris Strategic Supply Management on Premise portfolio enhances the buy offering of the IBM Smarter Commerce™ initiative and extends the IBM reach to include Chief Procurement Officers. These capabilities help manage procurement cost, and improve contract administration and supplier management across the supply chain process. They provide sourcing and procurement professionals the ability to optimize their supply chain processes to better control spending, enhance supplier performance, and manage risk and compliance. The portfolio also enhances the sell offering of the IBM Smarter Commerce initiative by helping sales organizations manage their sales contracts throughout the contract lifecycle and accelerate time to closure.

User Value Unit (UVU)

UVU is a unit of measure by which the program can be licensed. UVU Proofs of Entitlement (PoEs) are based on the number and type of users for the given program. Licensee must obtain sufficient entitlements for the number of UVUs required for licensee’s environment as specified in the program specific table. The UVU entitlements are specific to the program and type of user and may not be exchanged, interchanged, or aggregated with UVU entitlements of another program or type of user. Refer to the program specific UVU table.

Terms and conditions

The information provided in this announcement letter is for reference and convenience purposes only. The terms and conditions that govern any transaction with IBM are contained in the applicable contract documents such as the IBM International Program License Agreement, IBM International Passport Advantage Agreement, and the IBM Agreement for Acquisition of Software Maintenance.

This product is only available via Passport Advantage. It is not available as shrinkwrap.

Licensing

IBM International Program License Agreement including the License Information document and PoE govern your use of the program. PoEs are required for all authorized use. Part number products only, offered outside of Passport Advantage, where applicable, are license only and do not include Software Maintenance.

These programs are licensed under the IBM Program License Agreement (IPLA) and the associated Agreement for Acquisition of Software Maintenance, which provide for support with ongoing access to releases and versions of the program. IBM includes one year of Software Subscription and Support (also referred to as Software Maintenance) with the initial license acquisition of each program acquired. The initial period of Software Subscription and Support (also referred to as Software Maintenance) can be extended by the purchase of a renewal option, if available. These programs have a one-time license charge for use of the program and an annual renewal charge for the enhanced support that includes telephone assistance (voice support for defects during normal business hours), as well as access to updates, releases, and versions of the program as long as support is in effect.
License Information form number

- L-TARI-8UKPJ: IBM Emptoris Contract Management
- L-TARI-8UR3YT: IBM Emptoris Sourcing
- L-TARI-8UR56V: IBM Emptoris Spend Analysis
- L-TARI-8UR5QN: IBM Emptoris Program Management
- L-TARI-8UR64W: IBM Emptoris Telecom Expense Management
- L-TARI-8URGAL: IBM Emptoris Strategic Supply Management Enterprise
- L-TARI-8UR5GJ: IBM Emptoris Supplier Lifecycle Management

The program’s License Information will be available for review on the IBM Software License Agreement website

Limited warranty applies

Yes

Limited warranty

IBM warrants that when the program is used in the specified operating environment, it will conform to its specifications. The warranty applies only to the unmodified portion of the program. IBM does not warrant uninterrupted or error-free operation of the program or that IBM will correct all program defects. You are responsible for the results obtained from the use of the program.

IBM provides you with access to IBM databases containing information on known program defects, defect corrections, restrictions, and bypasses at no additional charge. For further information, consult the IBM Software Support Handbook found at

http://www.ibm.com/support/handbook

IBM will maintain this information for at least one year after the original licensee acquires the program (warranty period).

Program technical support

Technical support of a program product version or release will be available for a minimum of three years from the general availability date, as long as your Software Subscription and Support (also referred to as Software Maintenance) is in effect. This technical support allows you to obtain assistance (via telephone or electronic means) from IBM for product-specific, task-oriented questions regarding the installation and operation of the program product. Software Subscription and Support (Software Maintenance) also provides you with access to updates (modifications or fixes), releases, and versions of the program. You will be notified, via announcement letter, of discontinuance of support with 12 months' notice. If you require additional technical support from IBM, including an extension of support beyond the discontinuance date, contact your IBM representative or IBM Business Partner. This extension may be available for a fee.

Money-back guarantee

If for any reason you are dissatisfied with the program and you are the original licensee, you may obtain a refund of the amount you paid for it, if within 30 days of your invoice date you return the program and its PoE to the party from whom you obtained it. If you downloaded the program, you may contact the party from whom you acquired it for instructions on how to obtain the refund.

For clarification, note that (1) for programs acquired under the IBM International Passport Advantage offering, this term applies only to your first acquisition of the program and (2) for programs acquired under any of IBM’s On/Off Capacity on
Demand (On/Off CoD) software offerings, this term does not apply since these offerings apply to programs already acquired and in use by you.

Other terms

Volume orders (IVO)
No

IBM International Passport Advantage Agreement

Passport Advantage applies
Yes, and through the Passport Advantage website at

http://www.ibm.com/software/passportadvantage

Software Subscription and Support applies
Yes. Software Subscription and Support (also referred to as Software Maintenance) is included with licenses purchased through Passport Advantage and Passport Advantage Express®. Product upgrades and Technical Support are provided by the Software Subscription and Support offering as described in the Agreements. Product upgrades provide the latest versions and releases to entitled software and Technical Support provides voice and electronic access to IBM support organizations, worldwide.

IBM includes one year of Software Subscription and Support with each program license acquired. The initial period of Software Subscription and Support can be extended by the purchase of a renewal option, if available.

While your Software Subscription and Support is in effect, IBM provides you assistance for your routine, short duration installation and usage (how-to) questions, and code-related questions. IBM provides assistance via telephone and, if available, electronic access, only to your information systems (IS) technical support personnel during the normal business hours (published prime shift hours) of your IBM support center. (This assistance is not available to your end users.) IBM provides Severity 1 assistance 24 hours a day, 7 days a week. For additional details, consult your IBM Software Support Handbook at

http://www.ibm.com/support/handbook

Software Subscription and Support does not include assistance for the design and development of applications, your use of programs in other than their specified operating environment, or failures caused by products for which IBM is not responsible under the applicable agreements.

Statement of good security practices

IT system security involves protecting systems and information through prevention, detection, and response to improper access from within and outside your enterprise. Improper access can result in information being altered, destroyed or misappropriated, or can result in misuse of your systems to attack others. Without a comprehensive approach to security, no IT system or product should be considered completely secure and no single product or security measure can be completely effective in preventing improper access. IBM systems and products are designed to be part of a comprehensive security approach, which will necessarily involve additional operational procedures, and may require other systems, products, or services to be most effective. IBM does not warrant that systems and products are immune from the malicious or illegal conduct of any party.

Prices

The prices are unchanged by this announcement.

IBM Global Financing

IBM Global Financing offers competitive financing to credit-qualified customers to assist them in acquiring IT solutions. Offerings include financing for IT acquisition, including hardware, software, and services, from both IBM and other manufacturers or vendors. Offerings (for all customer segments: small, medium, and large enterprise), rates, terms, and availability can vary by country. Contact your local IBM Global Financing organization or visit

http://www.ibm.com/financing

IBM Global Financing offerings are provided through IBM Credit LLC in the United States, and other IBM subsidiaries and divisions worldwide to qualified commercial and government customers. Rates are based on a customer’s credit rating, financing terms, offering type, equipment type, and options, and may vary by country. Other restrictions may apply. Rates and offerings are subject to change, extension, or withdrawal without notice.

Financing from IBM Global Financing helps you preserve cash and credit lines, enables more technology acquisition within current budget limits, permits accelerated implementation of economically attractive new technologies, offers payment and term flexibility, and can help match project costs to projected benefits. Financing is available worldwide for credit-qualified customers.

For more financing information, visit

http://www.ibm.com/financing
