Overview

The Lenovo® Ultralim Wireless Keyboard and Mouse is a reliable 2.4 GHz wireless keyboard and mouse combination with a contemporary, low profile design. The Lenovo Ultralim Wireless Keyboard and Mouse features a compact footprint and the convenience of cordless freedom, comfort, and control. The stylish black finish and subtle silver accents complement your office or home setup and its compact design helps save valuable desk space.

Other features include:

- 2.4 GHz wireless technology
- Plug and play nano size receiver stores neatly and out of the way
- Soft touch finish for all day comfort
- Easy to set up and use
- No software required
- Battery status indicators
- Three-year warranty
- Available worldwide

The keyboard features:

- Thin profile keys
- One touch controls to quickly play, adjust, or mute audio and video files
- F-keys to instantly open settled applications
- Spill resistant design
- Battery life indicator
- Soft touch finish for all day comfort

The mouse features:

- Ambidextrous, three-button design for both right and left-handed comfort
- Unique soft-touch finish for all day comfort
- Scrollwheel to easily navigate through documents and Web pages
- High definition 1000 dpi optical sensor for precise tracking
- Mini nano size receiver stores neatly inside the mouse for travel
- Battery life indicator

Help and service information -- Features and options

During the warranty period, support for a warranty related issue can be obtained by accessing Lenovo's online services (requires Internet access account, not included) or calling the Support Center, 24 hours a day, 7 days a week, to answer any questions regarding your new Lenovo option. Response time will vary depending on the number and nature of calls received. If you need warranty service, return or exchange is available. In addition, if your Lenovo option is installed in an Lenovo computer, you may be entitled to service at your location. For general questions related to the use of your options, fee-based support is available. Your technical support representative can help you determine the best alternative.
