Instance
Instance is a unit of measure by which the Cloud Service can be obtained. An Instance is access to a specific configuration of the Cloud Service. Sufficient entitlements must be obtained for each Instance of the Cloud Service made available to access and use during the measurement period specified in the Transaction Document.

Authorized User
Authorized User is a unit of measure by which the IBM SaaS can be obtained. Client must obtain separate, dedicated entitlements for each unique Authorized User given access to the the IBM SaaS in any manner directly or indirectly (for example, through a multiplexing program, device or application server) through any means. Sufficient entitlements must be obtained to cover the number of Authorized Users given access to the IBM SaaS during the measurement period specified in Client's Proof of Entitlement (PoE) or Transaction Document.
