

Software Withdrawal: IBM DB2 Universal Database V7.2 – Replacements Available

Overview

Effective November 21, 2002, IBM will withdraw from marketing the programs listed in the **Program Withdrawals** section and licensed under the IBM International Program License Agreement.

The following Program Packages part numbers are being withdrawn. The effective withdrawal date is January 17, 2003.

Media and Doc Packs for V7.2 will be withdrawn on November 21, 2003.

All Build-to-Order features and SPO offerings are being withdrawn on January 17, 2003, for the following products:

- DB2® Universal Developer's Edition (PID 5648-D37)
- DB2 Data Links Manager (PID 5648-D43)
- DB2 Spatial Extender (PID 5648-D61)
- DB2 Warehouse Manager (PID 5724-A90)
- DB2 Net Search Extender (PID 5648-D66)
- DB2 Enterprise Edition (PID 5648-D48)
- DB2 Enterprise Extended Edition (PID 5648-D50)
- DB2 UDB Workgroup Edition (PID 5648-D46)
- DB2 Workgroup Unlimited Edition (PID 5648-D46)

The associated maintenance PIDs will withdraw only the charge features. The media features will be retained for the duration of existing contracts. Customers will migrate to the latest product when they renew. These products will only be available after January 17, 2003, through the Build-to-Plan channel.

Existing Maintenance customers will continue to receive support on products 5733-MT9, 5733-MU1, 5733-MU2, 5733-MU3, 5733-M57, and 5733-M58 until renewal. No new orders will be accepted.

Intelligent Miner™ Scoring V7.1 Program Packages have an effective withdrawal date of January 17, 2003. Media and Doc Packs for Intelligent Miner Scoring V7.1 will be withdrawn on November 21, 2003.

Replacement Program Information: The part numbers in this section are being replaced or obsoleted by this announcement. Refer to the **Replacement Program Information** section.

For replacement information, refer to:

- Software Announcement 202-214, dated September 17, 2002 (DB2 Universal Database® V8.1)
- Software Announcement 202-215, dated September 17, 2002 (DB2 Connect® V8.1)

Orders for these part numbers will not be accepted after the stated effective date of withdrawal, nor will normal marketing activities or educational support be available unless previous agreement exists between the customer and IBM.

This announcement is provided for your information only. For additional information, contact your IBM representative, call 800-IBM-4YOU, or visit the IBM home page at: <http://www.ibm.com>.

The following Built-to-Order (BTO) programs are being replaced or obsoleted by this announcement. All the charge features are being withdrawn effective January 17, 2003. The Maintenance Product media features are being supported for another one and three years.

Media packs for products available in the BTO channel will be withdrawn on January 17, 2003. Existing Maintenance Customers will continue to receive support on products 5733-MT9, 5733-MU1, 5733-MU2, 5733-MU3, 5733-M57, and 5733-M58 until renewal. No new orders will be accepted.

SPO Offering charge features are being withdrawn effective January 17, 2003.

Orders for these part numbers will not be accepted after the stated effective date of withdrawal, nor will normal marketing activities or educational support be available unless previous agreement exists between the customer and IBM.
