1 For information on CICS TG for Multiplatforms V8.1, refer to Software Announcement ZP11-0444, dated October 04, 2011.

2 CICS TG Desktop Edition, first announced in Software Announcement ZP10-0351, dated October 05, 2010, provides a simple path forward for CICS Universal Client customers looking to maintain support for their desktop applications with the latest operating systems and compilers, and includes all the function of CICS Universal Client V7.1. Furthermore, CICS TG Desktop Edition provides CICS connectivity for Java™ and .NET applications. For JEE and multi-user CICS connectivity, CICS TG for z/OS® or CICS TG for Multiplatforms is required.

**Reference information**

For information on replacement IBM products, refer to CICS Transaction Gateway V8.1 which offers releases for Multiplatforms (5724-I81), z/OS (5655-W10), and Desktop Edition (5725-B65). Details are available in Software Announcement ZP11-0444, dated October 04, 2011.

**Announcement countries**

All European, Middle Eastern and African countries.

**Trademarks**
