Benefits of migration

Migrating to the current release of Taskmaster Capture or FastDoc Capture enables you to take advantage of new product features and helps protect your IBM Datacap Taskmaster software investment. Current releases of Taskmaster Capture and FastDoc Capture are IBM branded products with IBM Standard Support Lifecycle Policies for "5+3" Support - a minimum of five full years of standard support from the date the product release was made generally available by IBM, with the option to get support extensions for at least an additional three years following a products EOS date for an extra charge set by IBM.

Migration assistance

IBM Lab Services is ready to assist with migration of your legacy Datacap Taskmaster Capture or Datacap FastDoc. A typical Taskmaster Capture migration follows software project methodology with design, development, testing, rollout, and post production support including training. The skills and experience of IBM Lab Services with Datacap Taskmaster helps ensure customer satisfaction.
