Overview

The License Information documents for IBM StoredIQ for Legal V2.0.3, as announced in Software Announcement 216-493, dated December 13, 2016, are updated to reflect a change in the level of the supporting product, IBM Content Navigator from V2.0.3 to V3.0.

The updated License Information documents are delivered as part of StoredIQ for Legal V2.0.3.2.

StoredIQ for Legal V2.0.3.2 also includes the following capabilities:

• Global Hold Reminder is a system-wide notice that summarizes the custodian's obligations across all hold notices that use the Global Hold Reminder in a single email message. It includes a link to the Custodian Portal page where the custodian can confirm these hold notices with a single mouse click. Global Hold Reminder can be configured with and without confirmation and may include automatic follow-ups to drive compliance.

• Custodian On Hold indicator and matter summary provide an easy way to identify custodians who are on hold. Legal staff can get an overview of the custodian's involvement across all matters. Details are provided subject to the applicable security configuration.

• Usability improvements for StoredIQ for Legal Notification Authorized and eDiscovery for IT users provide better access to pertinent information and further streamline data request definitions.
