Overview

The System Storage DS® Remote Support Manager for Storage (DS-RSM) is shipped with the Novell SUSE Linux® Enterprise Server operating system preloaded. The installed DS-RSM applications are supported by IBM® during the product’s one-year warranty period.

The preloaded SUSE Linux Enterprise Server operating system has a one-year basic subscription that allows access to product updates throughout this period and a 30-day trial of electronic standard support.

Extensions to the basic support for the SUSE Linux operating system must be obtained from Novell and is available at

Description

Accessibility by people with disabilities

A U.S. Section 508 Voluntary Product Accessibility Template (VPAT) containing details on accessibility compliance can be requested at
