

IBM User Group Meetings at SC16

November 13-16, 2016

Salt Lake Marriott Downtown at City Creek

IBM Spectrum Scale User Group Meeting

Sunday, November 13, 2016

12:30 pm – 6:30 pm

Abstract: This global user led meeting provides an opportunity for peer-to-peer learning and interaction with IBM's technical leadership on the latest in IBM Spectrum Scale. This session will feature user presentations on Big Data Analytics in HPC, the use of Transparent Cloud Tiering for managing large data sets and how to use IBM Spectrum Scale multi-clustering capabilities. In addition, IBM will provide updates on the latest in the CORAL project, the latest in flash integration and future roadmap development. Main agenda will be followed by a cocktail reception at 5:30 pm.

Location – Grand Ballroom Salon F, reception in Salon E

SPXXL User Group Meeting

Monday, November 14, 2016

1:00 pm – 5:00 pm

Abstract: SPXXL Users Group updates: SW and HW product roadmap updates for IBM's High Performance Compute customers. Will present existing IBM HPC plans, and gather feedback on future HPC directions from our customers.

Location – Grand Ballroom Salon H

IBM Power8 University User Group

Tuesday, November 15, 2016

1:00 pm – 5:00 pm

Abstract: The 2016 IBM Power8 University User meeting will be held on Tuesday Nov. 15 from 1-5 in Marriott Downtown room UG-04. It will feature speakers from: Auburn University, University of Michigan, Oregon State University, North Carolina State University, University of Alabama Birmingham, and University of Pittsburgh Medical Center to share innovation on IBM Power8 HPC systems for Cyber Security, Life Sciences, HomeLand Security, Deep Learning, Open Source porting, and Bio-Informatics. Come hear your education colleagues share about their great innovations with IBM technologies. Maybe you are next!

Location – Grand Ballroom Salon E

IBM Spectrum LSF User Group Meeting

Wednesday, November 16, 2016

12:00 pm – 2:30 pm

Abstract: Meet your fellow users and administrators at this this year's Annual IBM Spectrum LSF@SC User Group. As usual, we'll have a packed agenda and will feature both user presentations and information about the latest developments in the IBM Spectrum LSF portfolio including support for OpenStack and Docker. Open dialogue between IBM and customers is encouraged. Lunch will be provided.

Location – Grand Ballroom Salon F
